STORM SYSTEM DIAGONAL WOOL

MAIN FABRIC: EXTERNAL LAYER: 100% VIRGIN WOOL MEMBRANE:
POLYURETHANE LINING: 100% POLYAMIDE / NYLON PADDING (FIBER):
100% POLYESTER TRIMMING: BASE : 90% POLYESTER 10% ELASTANE /
SPANDEX COATING: POLYURETHANE

Exclusive natural merino wool fibre of superior
quality.
Its main characteristics are brilliance, elasticity and
strength derived from a special weaving technique.
The fabric is treated with the rain system and then
laminated with the STORM SYSTEM GREEN-GQ
membrane.

The GQ membrane is made from a special
polyurethane derived from renewable plantations.
This fabric has WR treatment.

POLYAMIDE / NYLON COATING: POLYURETHANE

Tessuto melton melange rivisitato: le caratteristiche del panno melton quali armatura a saia e trama nascosta dalla follatura, che rende la superficie liscia, sono rimaste intatte; ciò che si discosta dal classico melton è il finissaggio che ammorbidisce quindi rompe il corpo del tessuto così da renderlo sì compatto ma al tempo stesso caldo e dalla vestibilità confortevole. Arricchisce ulteriormente il tessuto l'intramontabile fantasia pied de poule.

STORM SYSTEM DIAGONAL WOOL + LIGHT F

MAIN FABRIC: EXTERNAL LAYER: 100% VIRGIN WOOL MEMBRANE:
POLYURETHANE SECONDARY FABRIC: 100% POLYESTER LINING: 100%
POLYAMIDE / NYLON DETAILS LINING: 100% POLYESTER PADDING
(FIBER): 100% POLYESTER TRIMMING: 100% POLYESTER TRIMMING:
BASE : 90% POLYESTER 10% ELASTANE / SPANDEX COATING:
POLYURETHANE

Exclusive natural merino wool fibre of superior
quality.
Its main characteristics are brilliance, elasticity and
strength derived from a special weaving technique.
The fabric is treated with the rain system and then
laminated with the STORM SYSTEM GREEN-GQ
membrane.

The GQ membrane is made from a special
polyurethane derived from renewable plantations.
This fabric has WR treatment.

MAIN FABRIC: 100% POLYAMIDE / NYLON MAIN LINING: BASE : 100%
POLYAMIDE / NYLON COATING: POLYURETHANE PADDING (FEATHER):
90% DOWN 10% FEATHER

Tessuto realizzato con filati fantasy ispirato alla tradizione pratese dei tessuti knickerboker, reinterpretati tuttavia in chiave attuale sia in termini di aspetto che di portabilità. Ha una mano morbida, piacevole al tatto, ed un corpo gonfio e rotondo. I filati utilizzati sono dei ritorti fantasia che impiegati in un'armatura twill, rendono il tessuto molto sbrigliato nonostante il peso. Ciò ne agevola appunto la vestibilità: questo tessuto si adegua alla sagoma di chi lo indossa, è avvolgente, non resta rigido.

Tessuto realizzato con filati fantasy ispirato alla tradizione pratese dei tessuti knickerboker, reinterpretati tuttavia in chiave attuale sia in termini di aspetto che di portabilità. Ha una mano morbida, piacevole al tatto, ed un corpo gonfio e rotondo. I filati utilizzati sono dei ritorti fantasia che impiegati in un'armatura twill, rendono il tessuto molto sbrigliato nonostante il peso. Ciò ne agevola appunto la vestibilità: questo tessuto si adegua alla sagoma di chi lo indossa, è avvolgente, non resta rigido.

MAIN FABRIC: EXTERNAL LAYER: 100% POLYESTER MEMBRANE:
POLYTETRAFLUOROETHYLENE LINING: 100% POLYAMIDE / NYLON
TRIMMING: 75% POLYAMIDE / NYLON 25% ELASTANE / SPANDEX PADDING
(FEATHER): 80% DOWN 20% FEATHER

Costruzione 2layers con membrana goretex.
Il tessuto è resistente e durevole ma mantiene una
mano morbida.
I capi realizzati in questo materiale sono imbottiti con
finissima piuma d'oca ma trapuntati solo internamente
e termonastrati su tutte le cuciture per garantire la
performance waterproof e sono studiati in ogni
dettaglio per essere: Waterproof. Windproof.

PE000043U

MAIN FABRIC: 75% VIRGIN WOOL 25% POLYAMIDE / NYLON LINING: 100%
POLYESTER

Tessuto doppio realizzato con un prezioso blend cardato di fibre di lana vergine e poliammide. Questo mix garantisce morbidezza, termo regolazione e un ottimo drappeggio, ma anche resistenza e durevolezza. Il finissaggio va a garzare il tessuto su dritto e rovescio, andando a creare una mano più calda, soffice e piacevole, e donando un aspetto più moderno e dinamico, oltre a rendere il tessuto più sciolto.
